### Tracking and Referral Information for the Referring Hospital:

1. Unique Record Identification - this is a standard identifier based upon the following composition:  
First three digits are a provider ID assigned by Business Linx. Digits 4 - 7 are sequentially assigned by the provider, e.g., the first record selected for Provider 315 would be 315-0001. If this case is being resubmitted for a review a second time, please attach the suffix "A" to the number. This unique number is utilized for all cases reviewed.
2. Completion date of URC (Utilization Review Coordinator) - mm/dd/yyyy, if applicable
3. Time, in minutes, to sanitize the medical record (sanitizing is optional)
4. Time, in minutes, to complete the URC review (if applicable)
5. Type of review - this is a check-off as follows:  
 Referred for Utilization  
 Referred for Quality of Care  
 Referred for Combination of UR and Quality  
 Routine Peer Review
6. Type of case being referred - the provider is expected to identify the case as being a Medical, Surgical, OB-GYN or Pediatrics. This is needed to assist Business Linx in forwarding the case to the proper peer reviewer.
7. Indicate here if the provider wants a specialist to review the case versus matching like practices
